London, 17th November, 1857.

Herbert Clarke Esq;

Dear Sir,

The Yorkshire Hard Steam Coal with which you have now for some time supplied me to the extent of 600 or 700 tons per week, have been delivered for the use of Steamers trading out of the Thames, and have given satisfaction.

These Coals are of similar quality to the best Hard Steam Coal (the Hartleys) from Northumberland and Durham.

We are, Dear Sir,
Yours truly,
(signed) Wm Cory & Son.
