Glenfield
Dumfriesshire 11th July
1858,

J. M. Bevan Esq

Sir

I am in receipt
of your letter of the 9th
inst. making me proposals
from the Eastern Steam
Navigation Company with
a view to my drawing
out plans & specifications
& of Superintending the
fittings of the "Levathan"
for a period of 6 months

I hereby agree to the
terms & conditions therein
stated, & will endeavour
to be with you in

DM1306/11/21/8/2

London on Tuesday or
at furthest Wednesday
to commence work.

I concur with you
when you say it would
be well to arrange
about the power when
in town rather than at
Paris. as I will then
be better able to judge
whom to select for the
undertaking.

Remain

Yours respect fully

Charles Wheatstone
